

Stalls and Spins: Flight Above Critical Alpha

In this seminar Steve Fiegel will explore stalls, spins, and post-critical angle of attack flight. Scenarios will be examined and spin recovery techniques reviewed. After the seminar participants will be able to ask questions to the Gauntlet Warbirds staff and explore some of Gauntlet's aircraft, including our Decathlon, T-6, Extra 300L, and L-39.

Directions: NOTE: Gauntlet has moved. Enter Gauntlet's offices through Lumanair Aviation.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
